## About Squirrel Lodge Centre Ltd. Specialist Canine Hydrotherapy and Rehabilitation Centre.

Squirrel Lodge Centre is now the one place where you can find all your dog's rehabilitation needs can be cared for. We are a specialist canine rehabilitation centre offering a multimodal approach to provide a rehabilitation programme for your dog's individual requirements. We can select from a range of therapies that we have available at the Centre to achieve the best outcome possible for your dog whether its following injury/surgery, managing a long-term condition or disability, or if your dog is in their senior years and requires that extra care to improve their quality of life. The therapies we have available are:

Hydrotherapy

Exercise Rehabilitation & Prescription

Photobiomodulation Therapy, to include Laser and LED

Electrotherapy, to include TENS, Ultrasound, PEMF, PSWT.

Osteopathy coming to the Centre soon.

We also offer computer assisted stance and gait analysis, we can use this to fully assess any problems and monitor progress. This is also offered as a standalone service to veterinary surgeons and other therapists to aid with diagnosis and monitoring. Full reports provided.

This enables us to accurately measure:

Weight distribution across all limbs

Impact force

Stationary proportion

Strides symmetry

Stride duration

Stride length

Stride regularity

My name is Paula and I am the practice principle and director. I qualified in 2012 as a Small Animal Hydrotherapist at the world-renowned Hawksmoor Centre. I continued my training at Hawksmoor to achieve my diploma, and I have continued my training to become a Canine Rehabilitation Practitioner and Fitness Trainer with the University of Tennessee. I have completed additional training at K9HS, Animal Rehabilitation and Health Academy. I have a DSc in Canine Rehabilitation, and I am also completing my training in Canine Osteopathy at the London College of Animal Osteopathy. I am also a published author in canine hydrotherapy/rehabilitation.
